From (Name) F. Sayers, Esquire, C.I.E.
(Designation) Inspector-General of Police.

To The Secretary to the Government of Madras,
HOME Department.

Sir,

I have the honour to state that the Police Armed Reserves at Chittoor, Tanjore and South Kanara are the only Armed Reserves in the Province which have not been provided with motor transport. Proposals for the supply of a motor v to each of the above three Armed Reserves were included in m letter to Government R.C. No. 581-A/Acct./36, dated 6th September 1937, but the sanction required was not accorded in G.O. No. Ms. 2216, Home Department, dated 27th April 1938. As I submitted in my letter quoted, a motor van should form part

part of the standard equipment of each Armed Reserve, and I therefore request that the supply of a motor van to each of the Armed Reserves at Chittoor, Tanjore and South Kanara may be treated as a Part II Scheme for the year 1939-1940.

2. A head-constable driver and a constable cleaner will be required for each of the three vehicles with the usual special pay of Rs.5/- per mensem and Rs.2/- per mensem respectively. Every Armed Reserve man should be armed with a .410 bore musket and accessories, and the supply of six additional muskets will therefore be necessary to arm the drivers and cleaners of the three vehicles but these arms can be supplied from the surplus stock now available in the Department.

3. The financial effect of this proposal is as shown below:-

Police - District Armed Reserves - Supply of motor vans.

---

c F

From the I.G. of Police, R.C.No.741/Acct/38, dated the 27th September 1938.

The I.G. of Police has submitted for treatment as a Part II Scheme for 1939-40, a proposal to supply a motor van to the Armed Reserves in each of the three districts, Chittoor, Tanjore and South Kanara.

2. The question of supplying the Armed Reserves in the above districts as well as those in the districts of Kurnool, Anantapur and Cuddapah with a motor van for each and a second motor van for the Armed Reserves in the Trichinopoly was treated as a Part II Scheme for 1937-38 but no provision was made for that Scheme in the Budget Estimate for that year. Those proposals were again treated as a Part II Scheme for 1938-39 but sanction was accorded to the supply of a motor van only to the four districts of Kurnool, Anantapur, Cuddapah and Trichinopoly. The present proposals relate to the supply of a motor van to the three remaining districts.

3. The Armed Reserves in the Chittoor, Tanjore and S. Kanara districts are the only Reserves in this Presidency for which motor vans have not been supplied -- vide statement on p.4 of G.O. No.2216, Home dated the 27th April 1938. Sudden calls upon the Police Armed Forces to meet an emergency are liable to occur at any time and do in practice, occu from time to time in every district. It is not possible to foresee such calls. It is of great public importance that all the Armed Reserves should be able to respond to such calls promptly and for this purpose, a motor van should form part of the standard equipment of each Armed Reserve.

4. The proposal entails the appointment of an extra staff of 3 head constables and 3 constables for employment as drivers and cleaners respectively, of the three motor lorries and the supply of six 410 bore muskets. No extra cost is involved in the supply of the additional muskets required, as they can be found from the surplus stock now available.

5. The financial effect of the proposal is a total recurring expenditure of Rs.2275/- an year and a non-recurring expenditure of Rs.17,415/- as shown in para 3 of the I.G.'s letter on pp.2-3C. F. For orders whether this Department may agree to treat the proposal as a Part II Scheme for 1939-40. If so, the file may be sent to the Finance Department for acceptance.

The scheme, the necessity for which is explained in the Home department's note on pp.1-2 ante, may be accepted in Finance subject to the following remarks in regard to the cleaner staff proposed.

This department has been suggesting that it is sufficient to employ cleaners at the rate of 1 for every

very 2 ~~lorries~~ in the case of Armed Reserves having 2 or more motor vans. As the Armed Reserves in the 3 districts under consideration have not been supplied with vans so far and consequantly no cleaner staff is employed therein, the employment of 3 cleaners, 1 for each of the districts may be agreed to.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

Sudden calls upon the Police Armed forces to meet an emergency are liable to occur at any time and they do in practice occur from time to time in every district. It is impossible to foresee such calls. It is therefore of great public importance that all the Armed

Reserves should be provided with means of quick transport which will enable them to respond to such calls promptly.

Motor vans have been supplied to all the Armed Reserves in this Presidency except those in the districts of Chittoor, Tanjore and South Kanara. The Inspector-General of Police has brought to the notice of the Govt. the need for supplying a motor van to each of the three districts referred to above.

The purchase of the three additional motor vans involves the appointment of an extra staff of three head constable and three constables for employment as drivers and cleaners respectively of the vans.

In the Armed Reserves every head constable and constable is armed with a .410 musket. Six .410 muskets are therefore necessary to arm the above head constable drivers and constable cleaners. The muskets required can, however, be found from the surplus stock now available in the Police Dept.

The financial effect of the proposal is a recurring annual expenditure of Rs.2300/- and a non-recurring expenditure of Rs.1700/- as shown in the summary at the beginning of this note.

This department recommends the inclusion of the necessary provision in the budget for 1939-40.

Please see the note on the Part II scheme on pages 10-11 ante and notes et seq. Provision has been made in the budget for 1939-1940 for the supply of a motor van to South Kanara district only. This involves the employment of an additional staff of a head constable and a constable for appointment as a driver and a cleaner respectively of the motor van. The Home Department propose to sanction this staff as a permanent measure. But according to the principles laid down in Finance Memo. No. 39612(A)/E.II-1, dated 9-1-1937, additions to existing staff in all departments have to be sanctioned only temporarily; and proposals for their permanent retention should not be considered until they have been in existence for a continuous period of 5 years. With reference to these orders this staff should be sanctioned only temporarily.

It is also submd. that in this case there would appear to be no need to wait and see if the staff is really required permanently as there can be no doubt that a driver and cleaner will always be required permanently for the motor van. and that there is nothing in the Fin.
